INTERNAL MEMO

TO : SENIOR SANITATION OFFICER – MS. ZONDI
FROM : PLUMBER – MR. MSINDO
DATE : 07 August 2007
RE : **AVANTU REPORT**

Kindly be advised that on the 9th of July 2007 the site was inspected on Horseshoe and we found that the toilets were overfull and solid and through the intervention of **AVANTU products** the toilet was liquefied and the level dropped to less than a third of the capacity by the 07th of August 2007.

The community confirmed that within one day the smell was gone and the toilet was able to be used on daily basis while the product was being effected.

Based on the above test we can confirm that this product was successful.

Hope everything is in order.

PLUMBER – MR. J. MSINDO

cc. Mr. Ngcobo – Executive Director Water Services
cc. Ms. V. Zondwayo – Chief Technician
