RE: APPROVAL OF THE USE OF ENVIROPURE PRODUCTS IN UGANDA

Reference is made to your letter dated March 11, 1998 regarding the above subject.

After a careful review by the National Environment Management Authority (NEMA) of the Report on the biochemical, chemical and microbiological analyses on the products "FATKING" and "PIFKING" as well as the chemical analysis of "WATERPURE", this Authority hereby grants approval of the above products "FATKING", "PIFKING" and "WATERPURE" for limited use in Uganda. The approval is subject to the following conditions:-

- (i) limited application of the products will be allowed for use in institutional facilities such as Kampala City Council toilets, schools/colleges, hospitals etc before commercial or public access is allowed;
- (ii) ENVIROPURE Africa (U) Ltd., in collaboration with appropriate competent authorities, undertakes to continuously monitor the use and impacts of the products; and
- (iii) ENVIROPURE Africa (U) Ltd. will keep all relevant data and periodically (once every month) submit to this Authority data on quantities of the products used, where the products have been used impacts of the products, etc.
